

# PGY1/PGY2 Health System Pharmacy Administration Residency

THE UNIVERSITY OF TEXAS  
MD ANDERSON CANCER CENTER  
DIVISION OF PHARMACY

The Division of Pharmacy at the University of Texas MD Anderson Cancer Center offers a two year PGY1/PGY2 Health System Pharmacy Administration residency program in collaboration with the University of Houston College of Pharmacy Master of Science in Pharmacy Leadership and Administration. MD Anderson is a world renowned 650+ bed acute patient care and 5100+ visit/day outpatient cancer center located in the Texas Medical Center. The residency program provides comprehensive pharmacotherapeutic patient management experiences in a variety of multidisciplinary settings, as well as both didactic and experiential practice management and leadership experiences. The program allows for tailored instruction for the individual resident based on interest(s), past experience, and future goals. The two year PGY1/PGY2 Health System Pharmacy Administration residency program will develop pharmacy leaders with expert knowledge and skills necessary to assume clinical, operational, and leadership management positions within a health system pharmacy. Under the direction of Ryan Roux, PharmD, MS, and the pharmacy staff at MD Anderson, the resident will:

- **Develop practice management skills and refine leadership skills in the following core rotations:**

Operations	Human Resources
Finance	Quality/Regulatory
Informatics	Administration
- **Provide comprehensive, pharmacotherapeutic patient management as a member of the following multidisciplinary teams through either core (C) or elective rotations:**

Internal Medicine (C)	Oncology (C)
Ambulatory Care	Cardiology
Critical Care	Emergency Medicine
Infectious Diseases	
- **Participate in monthly and longitudinal experiences in Administration, Medication Safety and Drug Information**
- **Provide patient care pharmacy services every third weekend**
- **Refine presentation skills**
- **Educate pharmacy, nursing and medical staff**
- **Complete a major and minor pharmacy project**
