

# Leukemia Fellowship Program

## Class of 2024-2025

---

### **Vanthana Bharathi, MD**

Clinical Fellow

MD Anderson Cancer Center Leukemia Fellowship Program  
**2024-2025**

**Vanthana Bharathi, MD** is a first year Fellow in The Leukemia Fellowship Program at The University of Texas MD Anderson Cancer Center, joining in July 2024.

Dr. Bharathi is deeply committed to patient care and has a keen interest in the application of targeted immunotherapy and CAR-T cells for the treatment of blood cancers. Additionally, she is exploring the genetic aspects of cancer prevention and targeted therapy, with the aspiration to pursue a fellowship in Hematology/Oncology.

Dr. Bharathi earned her medical degree with distinction from Madras Medical College in Chennai, India, in 2018. Prior to commencing her residency, she conducted research at the University of North Carolina Blood Research Center under the guidance of Dr. Antoniak and Dr. Mackman. Her research focused on the coagulation cascade, coagulation-dependent signaling, and the role of platelets in antiviral immune responses. In June 2024, Dr. Bharathi completed her residency at Saint Peter's University Hospital/Rutgers Robert Wood Johnson Medical School in New Brunswick, New Jersey.

Beyond her professional endeavors, Dr. Bharathi is an avid traveler who enjoys immersing herself in new cultures and exploring history and the arts. She has a passion for cooking and experimenting with diverse cuisines. Hiking is another of her interests, and she aims to visit all 63 national parks in the United States. Dr. Bharathi is fluent in both English and Tamil.
