Notes:

- Presentations are due the **Friday** before each scheduled ECHO clinic from both sites.
- There are 2 dates to keep track of: the month of scheduled presentation as well as the backup presentation dates. Each site is responsible for the backup presentation for the month prior to which
- Each site will prepare a case presentation for the assigned month as well as have it sub/mitted the month prior to the month of presentation as a backup. For instance, if Korle-Bu is scheduled to present on 8/17/23, it should submit for the previous month's presentation as a backup (for the 7/20/23 clinic) by the Friday before the clinic (7/14/23).
- Didactic presenters are tentative and may change by month.
- Please feel free to contact the Project ECHO Team, at ECHO-PACA@mdanderson.org for any questions.
