

# 200K

*Celebration*

Thank you for being an integral part of our success in processing over 200,000 samples! We are sincerely grateful for your support and contributions in reaching this great milestone. To commemorate this achievement, the RPPA Core celebrated our 200K milestone on December 6, 2023.

We are deeply grateful for your partnership and look forward to celebrating many more milestones together!

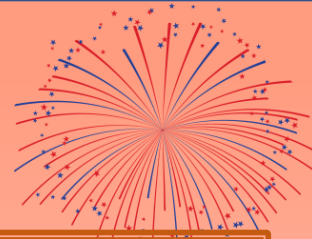

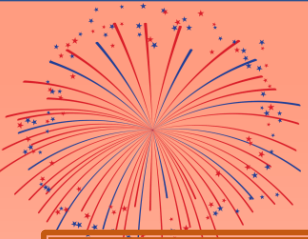

## MDACC Functional Proteomics Reverse Phase Protein Array Core highlights

- Processed over 200,000 samples
- Supported more than 600 research groups
- Contributed to over 745 publications
- Aided more than \$10 million in grants

Our village of support

Ready for 100,000 more samples!
